## **Disenrollment Policy**

Elite Preschool & Learning Center Equal Opportunity Policy, applies to all aspects of customer relations, including but not limited to disenrollment of a child. It is against Elite Preschool & Learning Center policy to dis-enroll a child or otherwise discriminate against a child or family on the basis of race, color, creed, religion, sex or national origin or any other classification prohibited by law. Subject to the foregoing, Elite Preschool & Learning Center reserves the right to dis-enroll a child at any time for any reason.

Elite Preschool and Learning Center will use its best efforts to give parents reasonable notice (generally at least two week) before dis-enrolling a child. However, there may be situations in which immediate disenrollment is appropriate. Those situations include, but are not limited to, the following:

### ***Aggressive Child Behavior***

Aggressive child behavior includes behavior that is potentially physically or emotionally harmful to the child engaging in the behavior, other children or Elite Preschool & Learning Center staff. Such behavior includes but is not limited to hitting, kicking, spitting, scratching, and biting, age- inappropriate sex play, throwing objects, threatening serious harm and using foul or abusive language. A teacher who observes aggressive behavior directed at another child or staff member, will document the behavior on an Accident/ Incident post on our Procure App. This information will be placed in the child's file. The parent of the child engaging in aggressive behavior will be notified that aggressive behavior of a nature that could harm another child cannot be tolerated by Elite Preschool & Learning Center. If the Director determines that the aggressive behavior cannot be controlled with reasonable staff supervision and the child continues to display such behaviors, the child should be dis-enrolled. If the aggressive behavior poses significant risk of harm to the child or others, Elite Preschool & Learning Center reserves the right to immediately dis-enroll the child with no prior attempt to modify or correct the behavior.

### ***Abusive or Inappropriate Parent Behavior***

Such behavior includes any behavior that is disruptive or potentially damaging to Elite Preschool & Learning Center staff or children, including but not limited to: use of foul or abusive language; refusal or failure to cooperate with staff; inappropriate discipline of a child in the center; inappropriate interaction with children other than the parent's children; and threatening or harassing staff members, other parents or children.

If a parent exhibits inappropriate or abusive behavior that does not present an immediate threat to the safety of children, staff or other parents, the Director will discuss the behavior with the parent. The goal of this communication should be to set agreed standards of behavior for the future. In no event will a parent be permitted to remain in the center if the parent poses a threat of harm to children or staff members in the center. If after discussion, the inappropriate or abusive behavior continues, the child(ren) should be immediately dis-enrolled, and the parent should be asked not to return to the center.

### ***Non-Payment of Tuition***

Weekly tuition payments due Monday by 6pm in advance each week, with no deductions for absences during the week or holidays. If the full week's tuition is not received prior to the close of business on the Tuesday of the week, the account will be considered "past due." If tuition is not paid on the first day of the following week, the account will be considered "delinquent." If a delinquent account has not been brought current by the last day of the week it is considered delinquent, the Director will inform the parent that the account is past due and considered "delinquent" and that, unless the parent can bring the account current the child(ren) will be dis-enrolled immediately.

## Discipline Policy

Elite is committed to providing children and families with quality care in a safe and loving environment. The purpose of discipline for young children is to teach coping skills and discourage inappropriate behavior. Elite believes in positive reinforcement and redirection. Staff encourages good behavior and recognizes children for doing so.

The early years are a time for children to develop confidence and self-control. Elite creates environments that respect each individual child; they set forth a message that the world is a warm, friendly learning place. Positive discipline techniques that combine caring and direction are a part of this healthy environment. Elite looks for meaningful ways to show children why harmful and aggressive acts are unacceptable.

Very young children should not be isolated, nor should they be ignored or left without proper stimulation. Infants or young toddlers who do not understand why their behavior is unacceptable should gently be directed to more acceptable behaviors or activities.

Elite staff will use a kind, firm voice when disciplining or redirecting and will use words and tones that help the child feel confident and respected. A child's behavior will be immediately addressed. When children experience immediate repercussions for harming others, they understand more clearly, why we are disciplining them. Whenever possible, Elite will offer children positive alternatives to their actions (asking a child to help rebuild a block structure she has knocked down is more productive than removing her from the area entirely).

No child will be left alone, unless he wants to be. Young children need our support to work out their feelings. When we show children that their feelings count, they will be more likely to respect the feelings of others, Elite will always visually observe a child during a time-out / redirection period.

Children develop their abilities to control themselves at different rates. We take into consideration the needs of the particular child involved. No single technique will work for every child every time. However, we at Elite strive for consistency. Time-out is not used as a punishment. Time-out is an opportunity for a child to clear her mind and rejoin the group or activity in a more productive state.

Above all, we shall not harm children. We shall not participate in practices that are emotionally damaging, physically harmful, disrespectful, degrading, dangerous, exploitative or intimidating to children.
